## INSTALLATION INSTRUCTIONS Part Number SU-7500

## This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger<sup>®</sup> seals properly.

## INSTALLATION

- 1. Remove the air box lid and remove the stock air filter.
- Remove the o-ring from the air filter sealing groove in the air box base.
  Note: Do not remove the o-ring in the air box lid otherwise the K&N Filtercharger<sup>®</sup> will not seal correctly.
- 3. Install the K&N Filtercharger® into the air box base making sure it is completely seated.
- **Note:** The K&N logo and part number will be facing up.
- 4. Reinstall the air box lid.

## THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
